

MAP: Cloud Sofa

The Cloud is an elegant, yet contemporary sofa which is available in a number of configurations including double arm, single arm (pictured), 3/4 chaise (pictured), armless, ottoman and single chair. Features include stainless steel frame, tailored upholstery, and MAP's trademark loose cushions.

Designed by MAP International in 1998 the Cloud has become a forerunner in lounge seating design.
Manufactured in New Zealand to specification.

Dimensions: Height 680, Width 2000, Depth 900mm
